

Product Description

Football LED Bulb

Football led lamp has a unique football shape and color covers. It has five light-emitting surfaces, four of which can be folded at 90 degrees, which increases the light-emitting surface of the led football lamp. This foldable led light bulb is not only aesthetically pleasing but also highly practical. It can be used not only to decorate rooms but also for lighting, and It is one of the favorite LED lights among many end customers.

Advantage

- Unique design

The appearance of football led lamp is like a football and it has a colorful shell. The unique football design can be used to decorate the room and also for indoor lighting.

- High Color Render Index

Football led lamp has high color rendering index ($Ra \geq 70-80$), truly reproducing the colors of scene, the light is soft and not dazzling.

- High Lumen

LED football lamp features high-luminance LED chips that deliver superior brightness. The led folding bulb emits eye-friendly illumination while offering extended durability.

- Good heat dissipation

Modern foldable led light bulb use high-heat dissipation plastic lamp shells, high-quality PCB boards and LED beads, achieving efficient heat dissipation and ensuring the stability of high-brightness output and an extremely long lifespan.

- Long lifespan

The average lifespan exceeds 15,000 hours, far surpassing that of traditional lamps. It is highly durable (with an IP65 protection rating), reducing maintenance frequency and costs.

- Easy to install

LED folding bulb E27/B22 interface ready to use, quick installation for individual users.

Football LED Bulb

		
Blade folding 90°	Large Luminous Surface	E27 / B22 Lamp Base

Feature

- ✓ Unique football design
- ✓ Blade folding 90°
